ICEL8 presentation guide

Oral presentations

- There are 8 oral sessions at ICEL8.
- Except for keynote presentations all other oral presentations follow a 10+2 format with 10 minutes for presentations and 2 minutes for discussion.
- In order to guarantee a smooth running of the oral sessions, we will provide a Windows computer/laptop in the presentation hall onto which authors are asked to upload their presentation before the start of the session. We strongly discourage use of own laptops due to the time restrictions of the sessions and potential problems with switching between computers.
- We advise bringing your presentation with you in Microsoft Powerpoint format on a USB stick and uploading the presentation before the session start onto the presentation computer.
- Please contact thilo@icelonline.org if you want to send a copy of your abstract before the conference and we will provide details of a dropbox folder.
- When preparing your presentation in particular think about legibility of slides in a large lecture hall, so choose appropriate fonts, font sizes and colors.
- Clearly indicate title, author affiliation and any declarations relevant for Ethics, Funding or Competing Interests.

Poster presentations

- There are 3 poster sessions at ICEL8.
- The general format of the poster sessions is such that authors of posters are being asked to stand in front of their posters and answer questions/interact with the audience for only half of the session. Please see programme for timing details of your own poster. This will give each author the opportunity to explore the other posters in the same session during the other half of the same poster session.
- Poster boards provided by the RVC Estates Department will have an area of 1.6x1.6m. We recommend use of A0 landscape format, however other formats fitting within 1.6x1.6m are also suitable.
- When preparing your poster give enough detail that the main messages can be understood easily but not too much information impeding legibility from a distance.
- Clearly indicate title, author affiliation and any declarations relevant for Ethics, Funding or Competing Interests.
